

## Python Developer

MUFG Investor Services FinTech Limited, looking for Python Developers of all levels to join our growing team. We are looking for professionals with extensive experience to help deliver our custom software development projects.

You will be using your knowledge and skills to help us develop and maintain the existing code base for our existing cutting-edge platform and build new features and products.

### Key Responsibilities:

- Produce clean, well-documented, maintainable, testable and scalable code.
- Ensure high-quality solutions produced through automated testing and monitoring code metric within established guidelines and time frames.
- Participate in planning, design, architecture and code review.
- Build rapid prototypes and work on fast paced projects
- Work effectively within a cross-functional multi-site team.
- Provide recommendations for continuous improvement.
- Work alongside other engineers on the team to elevate technology and consistently apply best practices
- Inspire and mentor junior engineers on best practices and professional conduct

### Ideal skills we are looking for:

- Extensive Python commercial experience in backend and integration projects.
- Experience with at least one web framework such as Django or Flask.
- Experience with Vue.js and associated stack.
- Good knowledge of relational and non-relational databases (PostgreSQL, MSSQL or similar).
- Experience with Azure and AWS cloud environments.
- Understanding of REST/JSON and/or SOAP/XML web services, experience in interface design.
- Proficient understanding of software development tools such as Git and Gitlab.
- Familiarity with API gateways, configuration, rate limiting.
- Comprehensive understanding of continuous integration and continuous delivery (CI/CD) tools and systems.
- Experience in an Agile environment using Scrum.

### Candidate Profile

- Excellent verbal and written communication in English and reporting skills.
- Good teamwork and collaboration skills.

Please send your CV at [careers@mufg-isft.com](mailto:careers@mufg-isft.com).

We thank all candidates for their interest; however only those under consideration will be contacted. All information provided will be treated confidentially!
