

.NET Developer

Reference Number: NET1021

The Role:

As a .Net Developer you will join our full-stack team to help us deliver high quality code for new and existing projects. Your main focus will be the development of backend-services using C# .NET (full framework, .NET Core, .NET5) and supporting application delivery to multiple environments on the direction of CI/CD.

The main responsibilities of the position include:

- Full stack design and the implementation of key internal web applications
- Identify, troubleshoot and debug defects in designated application code
- Write reusable, testable, clean and documented code, utilising prescribed coding conventions
- Follow test driven development, continuous integration and agile methodologies
- Participate in peer code reviews

Main requirements:

- BS/MS degree in Computer Science, Engineering, or a related subject
- At least 2 years of experience in Microsoft .NET (full framework, .NET Core)
- Proficiency in object-oriented programming (C#) and web concepts (Http, MVC, REST, OAuth)
- A strong background in relational database theory and excellent knowledge of Relational Databases (Postgres, MySQL, SQL server, Oracle)
- Familiarity with front-end web technologies and frameworks (AngularJS, ReactJs, etc.)
- Knowledge of and an active interest in Design Patterns and SOLID architecture principles
- Excellent problem solving and troubleshooting skills
- Outstanding communication and interpersonal skills
- Dynamic and target oriented
- This position is also available for remote work

The following will be considered an advantage:

- Familiarity with CI/CD process (Jenkins, Kubernetes)
- Experience developing with microservices (Docker)
- Experience with asynchronous pub-sub message bus architectures such as RabbitMQ or equivalent.

You will benefit from:

- An attractive remuneration package plus performance related rewards
- Private health insurance
- Corporate pension fund
- Intellectually stimulating work environment
- Continuous personal development and international training opportunities
- Attractive relocation package. Relocation support for a smooth relocation for you and your family

Type of employment: Full time

Location: Athens, Cyprus or remote work
