

Front-End Web Developers – Cyprus, Greece or Remote

Reference Number: FEWD1021

The role:

As our new mid-level front-end developer, you will be joining our dynamic marketing team and working closely with UX and UI designers. Your role will require you to implement exciting and streamlined user experiences in the form of web based applications, interactive landing pages, internal use only applications and much more.

You will have the chance to expand and share your knowledge with team members whilst working with some of the latest web technologies available today such as; Angular 12, Typescript and the latest CSS3 and HTML5 features.

The main responsibilities of the position include:

- Translate requirements and UI designs into functional, clean, accessible and maintainable front-end code
- Work in close cooperation with UI/UX Designers in implementing visual and interactive client-side elements to the company's existing and new web applications
- Ongoing development and testing of fully responsive web pages and user-facing features across various devices and web browsers
- Ensure the technical feasibility of new UI/UX designs
- Closely collaborate with various teams, stakeholders and business owners

Main requirements:

- Degree / BSc in multimedia and web development, computer science or any other related field
- 3-5 years working experience in a similar role
- Strong understanding of HTML5, CSS3, BEM methodology and other modern CSS techniques such as Grid and Flexbox
- Familiar with versioning tools such as GIT
- Experience in front end frameworks / CSS Pre-processors / Angular & TypeScript will be considered an advantage
- Experience with project management / collaboration / issue tracking tools, such as JIRA and Confluence will be considered an advantage
- Good understanding of the fundamental principles of design, creative thinker & problem solver

- Ability to work with minimal supervision
- Proficiency in both written and spoken English

Benefit from:

- Attractive remuneration package plus performance related reward
- Private health insurance
- Intellectually stimulating work environment
- Continuous personal development and international training opportunities
- Attractive relocation package

Type of employment: Full time

Location: Cyprus, Greece or Remote
